

INFORMATION TECHNOLOGY (IT) MANAGER
SALARY: MARKET RELATED

KZN Growth Fund is a private equity and private debt Fund based in Durban reporting to the KwaZulu Natal Department of KZN Economic Development, Tourism and Environmental Affairs (EDTEA). The Fund seeks to appoint an experienced and suitably qualified Information Technology (IT) Manager.

Key performance areas:

- Understanding of IT industry and implications of existing and emerging technologies for the wider built environment services industry, with a key focus on systems integration, digitisation, IoT and data insights.
- Understand IT landscape and challenges in working with businesses inside and outside South Africa
- Awareness of IT standards, governance frameworks and legislation, and understanding how these are relevant to the Business, to ensure compliance.
- Demonstrated experience of developing and managing technology risks as a risk or control owner.
- Full lifecycle design as per Group IT standards and development covering solution design, application design, development, testing and maintenance, network software, operating systems, multi-tier environments, desktop and workgroup software, middleware, server technology, fault tolerant environments, development tools.
- The management of, or provision of advice on, the procurement of IT products and services as per consultation with Group IT and Group IT standards.
- Knowledge and understanding of the external and internal environment - global marketplace experience, developments and trends that could have an impact on the IT function.
- Business Acumen - knowledge of functional business areas and industry knowledge

The following minimum requirements must be met in order to be considered for this position:

- A relevant Post-graduate Degree or Post-graduate Diploma in Information Technology or similar.
- IT management experience.
- TIL Accreditation
- 7+ years professional IT experience and proven working experience as an IT manager or relevant experience
- Systems Analyst Experience
- Leadership/Management Development Programme, ITIL, MCITP certification an advantage)
